README file for Collection “Youth Activist Oral Histories, 2010-2023”

TITLE: Youth Activist Oral Histories, 2010-2023
DESCRIPTION: Students in Duke professor Wesley Hogan’s Fall 2023 FOCUS Program class, “US Youth Movements since 2010: Racial and Environmental Justice,” created an archive of their oral history interviews with youth activists in the Black Lives Matter, environmental justice, LGBTQ+, gender equity, and Indigenous rights movements.

Each interview contains an MP3 and/or MP4 file, an interview transcript approved by the narrator, a brief introduction to the narrator, and an index of the interview.

Each interview was also submitted with a consent form where the narrator agreed to make these materials publicly accessible under a CC-BY-NC-SA 3.0 License. Consent forms are maintained as private files within the archive.
